Antelope Brand United Seeds, Inc. Omaha - 800-456-9901 Des Moines: 800-365-6674 www.unitedseeds.com

Quality certified by NEBRASKA CROP IMPROVEMENT ASSOCIATION
 MEMBER OF ASSOCIATION OF OFFICIAL SEED CERTIFYING AGENCIES
* The Certifying Agency makes no warranty of any kind, expressly or implied, including merchantability or fitness for purpose, or otherwise, which extends beyond the certification that the seeds inspected met the regulations of this agency. The Seller guarantees this seed to conform to the analysis shown. No further warranty is expressed or implied. Sellers liability is limited to the purchase price of the seed.

GERMINATION
The % of pure seed that will germinate in a controlled lab environment.

Origin
State in which the seed was grown.

Mix or Blend Name

Species Name

Name of Variety

Mix or Blend Lot Number
Each lot of seed is uniquely numbered. This number appears on all documents so that it can be traced back to its origin.

PURE SEED
The % by weight of seed that is the named species.

Identifies Net Weight of the container.

Each seed company has an Agricultural number which must appear on their tags. United Seeds number is 127.

NOXIOUS WEEDS
Those weeds identified by your state to be a problem or prohibited.

TEST DATE
Actual month and year this lot was tested for germination.

Pure seed, other crop seed, inert matter and weed seed % should equal 100%.

CROP
% of seeds by weight that is other than the pure species labeled, but not considered weeds in your state. Crop seeds must be listed by name if over 5% of content

INERT
% by weight of material that will not grow.

WEED
% of weeds in this lot.

We have earned the approval of the Nebraska Crop Improvement Assn to custom blend certified blue tag varieties specifically for your needs and retag them in our facilities.

To Determine Pure Live Seed (PLS), multiply the pure seed % by the germination %.
