

### Switchgrass, *Panicum virgatum*

- Warm season perennial, growing to 3 to 5 feet
- Native sod-forming grass
- Very tolerant of poor, flooding and drought stricken soils
- Prefers moderately deep to deep, somewhat dry, sandy to clay-loam soils
- Produces high quality hay

Switchgrass is found in United Seeds [Flood Plain Mixture](#), [Native Prairiegrass Mixture](#), in custom conservation mixes and as an individual species.
