Description

Snapback RR (Real Rhizomes) is a new generation of turf type tall fescues which produce rhizomes that shoot new growth. The mixture of No-Net and Summer Turf Type Tall Fescues in **Snapback RR Fescue Blend** are the first true rhizomatous turf type tall fescues that have been truly tested in sod farm production. Truly tested means there were no bluegrasses mixed with the tall fescue. Rhizomes will start to form in the first six weeks. Snapback RR will require less overseeding and requires less water requirements.
